Inflation Reduction Act

Direct pay tax credits: have you pre-filed yet?

Don't miss out! For the first time, tax-exempt organizations can receive tax credits to support qualifying clean energy or efficiency projects through the Inflation Reduction Act (IRA). This opportunity could significantly reduce project costs for **state and local governments, schools, tribes, public utilities, not-for-profits and higher education institutions.**

The IRS' IRA and CHIPS pre-filing registration portal for direct pay tax credits and [tax credit transfers](#) for qualifying projects is now open. Has your organization registered yet?

Baker Tilly can help you navigate the IRA, including the pre-filing registration portal process:

- [Watch and learn how to pre-file in the portal](#)
- [Connect with an IRA specialist](#)

- [Learn more about the portal and specific tax credit opportunities](#)

PW&A: are you compliant?

Do you understand what's needed to comply with prevailing wage and apprenticeship (PW&A) requirements and increase your base credit up to 5x? Or how to avoid unnecessary credit loss or a loss of credit altogether?

Join us on Wednesday, April 3, for a [webinar about PW&A compliance](#) for project owners. Maximize your IRA tax credits by complying with PW&A.

Our **PW&A compliance solution**, which leverages trusted payroll tracking system [LCPtracker](#), can help your organization track your vendors' individual compliance requirements as well as overall project-level compliance to maximize the value of your PW&A bonus credit.

Stay up to date on IRA.
